Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: applicant's attorney proposed amendment to place the application in condition for allowance. It was suggested to amend the transitional phrase "comprising of" to "consisting essentially of", and any data showing unexpected results in the use of the sections having width, which decreases from the inside towards the outside of the drum to allow easy and simple cleaning. Applicant's attention is directed to Fusejima at column 15, where Fusejima teaches the properties desired by the applicant have been obtained. Any amendment after final rejection that would require further search, might not be entered. .
